SUI Calendar Demo v1.3 Readme

Index:

1.   About

SUI Calendar is a powerful, fully customizable FileMaker template for workgroups or single users that helps schedule tasks, plan work and share information between team members. All scripts, layouts and data are at the user's total control.

SUI Calendar has its own user management capabilities; it can be easily integrated with other solutions or function as the user manager for the entire system. It also supports multiple languages, implemented by simply adding new translations in a single place.

2.   Features

- Optimized for Instant Web Publishing
- Multi-user environment
- Single or recurring appointments
- Alternative schedule views
- Appointment categories
- Expired appointments quick view
- User management
- Multilingual capabilities
- E-mail notification
- Fully customizable
- Online help

3.   System Requirements

SUI Calendar requires one of the following FileMaker products installed on your system:

- FileMaker Pro 8.5, 9, 10, 11
- FileMaker Pro Advanced 8.5, 9, 10, 11
- FileMaker Server 8, 9, 10, 11
- FileMaker Server Advanced 8, 9, 10, 11

4.   Usage notes

Use the following pre-defined accounts to login to SUI Calendar Demo:

Login: **user1**
Password: user1

Login: **user2**
Password: user2

Login: **user3**
Password: user3

Login: **user4**
Password: user4

Login: **user5**
Password: user5

Login: **manager**
Password: manager

The User accounts can utilize all features of SUI Calendar. The manager account can edit preferences. Additional accounts cannot be created in Demo mode.

Online help is available on our website (URL: http://filemaker.suisolutions.com/products/sui_calendar/help/).

To use SUI Calendar in a multi-user environment, it is strongly recommended to install the application on a FileMaker Server. When installed on FileMaker, the web-sharing feature can be used.

When you are finished evaluating our product, please visit our web site or contact us by phone or e-mail. We welcome your feedback and would be happy to assist you in purchasing the Unlimited or Developer version of our product.

Enabling Instant Web Publishing:

- Open *SUI Calendar*
- Choose **Edit > Sharing > Instant Web Publishing** (For FileMaker 8.5: **Edit > Sharing > Instant Web Publishing** (Mac) OR **Edit > Sharing > Instant Web Publishing** (PC))
- Switch **Instant Web Publishing** button to *On*
- Select *SUI Calendar* in the **Currently Open files** list
- Set up access privileges
